MAREK TRYBUŁA

CAREER SUMMARY

Motivated and self-driven Frontend Developer with a strong foundation in web development and passion for continuous learning. Experienced in creating responsive and user-friendly web applications using modern technologies such as HTML, CSS, JavaScript and frameworks like React.

SKILLS AND STRENGTHS

- Solid understanding of frontend technologies
- Skilled in creating responsive, accessible and user-friendly interfaces
- Proven ability to work independently on projects, from concept to deployment
- Experience in writing unit tests
- Familiar with tools such as Git, Postman
- Technologies: TypeScript, JavaScript, React, React Redux, React Router, React Hook Form, Axios, HTML, CSS, SCSS
- Committed to continuous learning, with plans to expand knowledge in backend technologies such as Express, GraphQL, Redis, PostgreSQL, and AWS.

PROJECTS

Domivo - Real Estate Agency Website

Link: www.domivo.pl

Website for a real estate agency, integrated with EstiCRM system. The site dynamically displays property offers with advanced filtering, and includes functional contact forms. This end-to-end project challenged me to solve complex problems and enhanced my technical and problem-solving skills.

Personal Portfolio

Link: www.marektrybula.pl

My personal portfolio website with a theme and language switch feature. I plan to rebuild it in the future. My goal is to create not just a traditional portfolio, but an interactive platform with an integrated CMS and blog.

Tasklet

Link: www.tasklett.netlify.app

Project created to explore and apply various programming concepts and techniques. Although Tasklet currently runs in a local environment, it demonstrates the use of multiple technologies and showcases problem-solving approaches in real-world software development.

EDUCATION

WSB Merito University in Toruń

2020 - 2023

Bachelor's Degree in Business Informatics,
Specialty: Frontend Developer
